

Mouhammad Shakokah

Front-end Developer

mohammedshakokah123@gmail.com | (+963) 933-981-269 | Latakia, Syria | [GitHub](#) | [Portfolio](#)

Professional Summary

Front-end developer with 3 years of experience in React.js and Next.js, building scalable, responsive web applications, medical platforms, and complex dashboards. Experienced in real-time features (Firebase), role-based access control, and modern UI libraries such as Tailwind CSS and shadcn/ui.

Work Experience

Front-end Developer — Davinda | Latakia, Syria

Feb 2025 – Sep 2026

Moragea (medical platform)

- Built a **multi-hospital management dashboard** with **role-based access** (Admin, Doctor, Receptionist, Pharmacy, Radiology, Pathology).
- Implemented patient registration, per-branch doctor scheduling with multiple time slots, and **real-time chat** plus voice and video calls (Firebase).

Nine Nerds (company website)

- Built a multi-page website with **Next.js 16**, **Tailwind CSS**, and **shadcn/ui**: services, filterable portfolio, interactive contact and join forms.
- Integrated an interactive partner-countries map and processed nested API data with the Fetch API into a **responsive UI**.

Freelance Projects

Klardent (*Dental Lab Management System — SaaS Platform*)

- Multi-tenant platform with **5 user roles** and granular **RBAC**, covering the full quote → case → quality review → invoice workflow.
- Stripe subscriptions (pricing tiers, trials, coupons), push notifications (FCM), live chat, support ticketing, and HR modules.
- Stack: React, React Query, React Hook Form + Zod, shadcn/ui, Recharts, **Arabic/English i18n with RTL**.

SooqSyria (*Classifieds Marketplace — Admin Dashboard*)

- Admin dashboard to moderate classified ads and manage users, payments, identity verification, staff roles, support tickets, and reports, with a KPI dashboard and comparison charts.
- Ad review with side-by-side change tracking, and **bulk import** from CSV/XLSX with column mapping and validation.
- Stack: React.js, Vite, Tailwind CSS, shadcn/ui, Firebase, **Arabic/English i18n with RTL**, dark mode; automated deployment with GitLab CI.

Education

B.E. in Informatics Engineering (Software Engineering) — Latakia University

Sep 2020 – 2026

- Coursework:** Algorithms and Data Structures, Operating Systems, Networking, Databases, Software Engineering, Computer Architecture, Design Patterns.
- University project:** completed a software development project as part of the degree program.

Skills

- Programming:** JavaScript (React.js, Next.js), HTML, CSS
- Familiar with (fundamentals):** Python, Java, C++, SQL
- Technical:** Git, Redux Toolkit, React Query, Zustand, Tailwind CSS, shadcn/ui, Responsive Design
- Languages:** Arabic (native), English
- Soft skills:** Communication, Teamwork, Self-learning, Mentoring
